### SUMMARY ANALYSIS

Current law requires property appraisers to prepare and deliver a notice of proposed property taxes and non-ad valorem assessments to each taxpayer listed on the current year's assessment roll. This notice is commonly referred to as the Truth in Millage (TRIM) notice, and is sent on behalf of all taxing authorities and local governing boards levying both ad valorem taxes and non-ad valorem assessments.

This bill revises the TRIM notice to include millage rates by adding three additional columns with the following information:

- Last year's millage rate;
- The current year's millage rate if the proposed budget change is made; and
- The current year's millage rate if no budget change is made.

This bill does not appear to have a fiscal impact on state government. However, some local governments may incur additional expenses to redesign the form.

This bill has an effective date of January 1, 2010.

### I. SUBSTANTIVE ANALYSIS

#### A. EFFECT OF PROPOSED CHANGES:

##### **Present Situation**

Section 200.069, F.S., requires property appraisers to prepare and deliver a notice of proposed property taxes and non-ad valorem assessments to each taxpayer listed on the current year's assessment roll.<sup>1</sup> This notice is commonly referred to as the Truth in Millage (TRIM) notice, which is generally the only acceptable means of providing notice to taxpayers, and is sent on behalf of all taxing authorities and local governing boards levying both ad valorem taxes and non-ad valorem assessments.

In addition, s. 200.069, F.S., provides the specific elements and required content and format of the TRIM notice, which includes five columns. The Department of Revenue (DOR) prescribes the forms. However, a county officer may use a different form provided that:

- it is substantively similar to the one prescribed by DOR;
- his or her office pays the related expenses; and
- he or she obtains prior written permission from DOR's executive director.

For counties with populations of 100,000 or fewer, DOR provides the forms. However, for counties with a population greater than 100,000, the responsible county officer reproduces the forms for distribution at the office's expense.<sup>2</sup>

Section 200.069, F.S., specifies that the following information must appear in columnar form on the TRIM notice:

Taxing Authority	Your Property Taxes Last Year	Your Taxes This Year IF PROPOSED Budget Change is Made	A Public Hearing on the Proposed Taxes and Budget Will be Held:	Your Taxes This Year IF NO Budget Change is Made
------------------	-------------------------------	--	---	--

---

<sup>1</sup> Section 200.065(2)(b), F.S.

<sup>2</sup> Section 195.022, F.S.

Also, the following information must be listed underneath each of the headings:

- Taxing Authority – A brief, commonly used name for the taxing authority or its governing body;
- Your Property Taxes Last Year – The gross amount of ad valorem taxes levied against the parcel in the previous year. If the parcel did not exist in the previous year, this column is blank;
- Your Taxes This Year IF PROPOSED Budget Change is Made – The gross amount of ad valorem taxes proposed to be levied in the current year, which amount must be based on the proposed millage rates provided to the property appraiser or, in the case of voted levies for debt service, the millage rate previously authorized by referendum, and the taxable value of the parcel as shown on the current year's assessment roll;
- A Public Hearing on the Proposed Taxes and Budget Will be Held – The date, the time, and a brief description of the location of the required public hearing; and
- Your Taxes This Year IF NO Budget Change is Made – The gross amount of ad valorem taxes which would apply to the parcel in the current year if each taxing authority were to levy the rolled-back rate<sup>3</sup> or, in the case of voted levies for debt service, the amount previously authorized by referendum.

Current law does not require that the TRIM notice include millage rate information.

### **Proposed Changes**

This bill amends s. 200.069, F.S., to include three additional columns on the TRIM notice, bringing the total to eight. The new columns to be included are as follows:

- Millage Rate Last Year – The millage rate for ad valorem taxes levied against the parcel in the previous year. If the parcel did not exist in the previous year, this column must be blank (new Column 3);
- Millage Rate This Year IF PROPOSED Budget Change is Made – The proposed millage rate for ad valorem taxes to be levied against the parcel in the current year (new Column 5); and
- Millage Rate IF NO Budget Change is Made – The millage rate for ad valorem taxes to be levied against the parcel if no budget change is made (new Column 8).

These changes would result in the following format, which would provide taxpayers additional information on the TRIM notice that is used in property tax calculations:

Taxing Authority	Your Property Taxes Last Year	Millage Rate Last Year	Your Taxes This Year IF PROPOSED Budget Change is Made	Millage Rate This Year IF PROPOSED Budget Change is Made	A Public Hearing on the Proposed Taxes and Budget Will be Held:	Your Taxes This Year IF NO Budget Change is Made	Millage Rate IF NO Budget Change is Made
------------------	-------------------------------	------------------------	--	--	---	--	--

### **B. SECTION DIRECTORY:**

<sup>3</sup> Section 200.065(1), F.S., describes the "rolled-back rate" as the millage rate which, exclusive of new construction, additions to structures, deletions, increase in the value of improvements that have undergone substantial rehabilitation which increased the assessed value by at least 100 percent, and property added due to geographic boundary changes, will yield the same ad valorem tax revenue for each taxing authority as was levied during the prior year.

- Section 1: Amends s. 200.069, F.S., to include historic and proposed millage rates on the TRIM notice.
- Section 2: Amends s. 200.065, F.S., to conform a cross-reference.
- Section 3: Provides an effective date of January 1, 2010.
